What are the benefits of ePortfolio NVQs for employers?

Easy Access

✓ Learners will have access to the ePortfolio platform anywhere, at any time. Employers and Training Managers can view up-to-date and clear learner progress.

Reports

✓ Access tailored reports on your learners progress.

Data

✓ Access data specific to your organisation that can help support your company's learning and development planning.

Standardised Programmes

✓ Set timescales for when you want your learners to start and finish their NVQs to suit your training matrix and business needs.

Bespoke NVQs

✓ We can create bespoke NVQ programmes for your employees. It can contain your preferred methods of assessment, timescales and include your company policies, procedures and guidelines.
