

## Technical Trainer

3B Training is a dynamic and forward-thinking training provider with a reputation for delivering high-quality health and safety training to the UK construction industry.

We pride ourselves on being a genuinely great place to work and aim to be world class in everything we do! We live by our core values which are Be Your Best, Be Smarter and Be Honest.

Our employees are at the heart of our business and our ambitious growth plans make 3B Training an exciting company to be part of.

We are looking to appoint a Technical Trainer to deliver high-quality training and education on building regulations, ensuring learners gain a comprehensive understanding of compliance, legislation, and best practices within the construction industry.

### Key Duties & Responsibilities:

- Develop and deliver engaging training sessions on building regulations, compliance, and related subjects.
- Design course materials, presentations, and assessments tailored to different levels of experience.
- Stay updated with changes to building regulations and integrate them into training materials.
- Provide guidance and support to learners to enhance their understanding and application of building regulations.
- Assess learner progress and provide constructive feedback.
- Conduct both in-person and virtual training sessions, adapting delivery methods accordingly.
- Collaborate with industry professionals to ensure training content remains relevant and up to date.
- Maintain accurate records of training activities and learner achievements.

### Essential Skills

- Extensive knowledge of UK Building Regulations and a strong understanding of approved Documents and their application in construction.
- In-depth knowledge of fire safety and structural safety regulations.
- Understanding of the Building Safety Act and its implications for construction and compliance.
- Proven experience in training, teaching, or mentoring within the construction sector.
- Strong communication and presentation skills.
- Ability to design and deliver engaging training content.
- Proficiency in using digital training platforms and presentation software.
- Recognised teaching or training qualification (e.g., PTLLS, CertEd, or equivalent).

**Desirable:**

- Membership with a relevant professional body (e.g., CIOB, RICS, CABE).
- Construction site management experience
- Experience in delivering CPD-accredited training courses.
- Experience working in a building control or warranty provider environment.
- Online delivery (Teams/Zoom)

**Key Competencies:**

- Strong analytical and problem-solving skills.
- Ability to adapt training methods to different learning styles.
- Excellent organisational and time-management abilities.
- Enthusiasm for teaching and professional development.
- Attention to detail and commitment to high-quality education delivery.

To apply for this role, please email your CV to the email address below, or contact Keri if you have any questions about the position.
